1.1.5 Portal Content Management - Publication

The screenshot shows the CIDB QCLASSIC portal interface. On the left, there's a sidebar with a user profile picture of a woman, the title 'SUPER ADMIN', and a 'Password Verification' button. The main navigation bar includes links for HOME, ASSESSMENT, TRAINING, CONTACT, and various settings. The 'PUBLICATION' section is currently selected.

Step 1: A red box highlights the 'Manage Home Content' section where a new publication is being created. The form fields include 'Title' (set to 'PENETAPAN BARU SKIM PENSIJILAN QCLASSIC'), 'Description' (a detailed text about the new skim), 'Choose File' (a file input for a PDF document), and two checkboxes: 'Publish' (checked) and 'Do not publish' (unchecked). A 'Save' button is at the bottom right of the form.

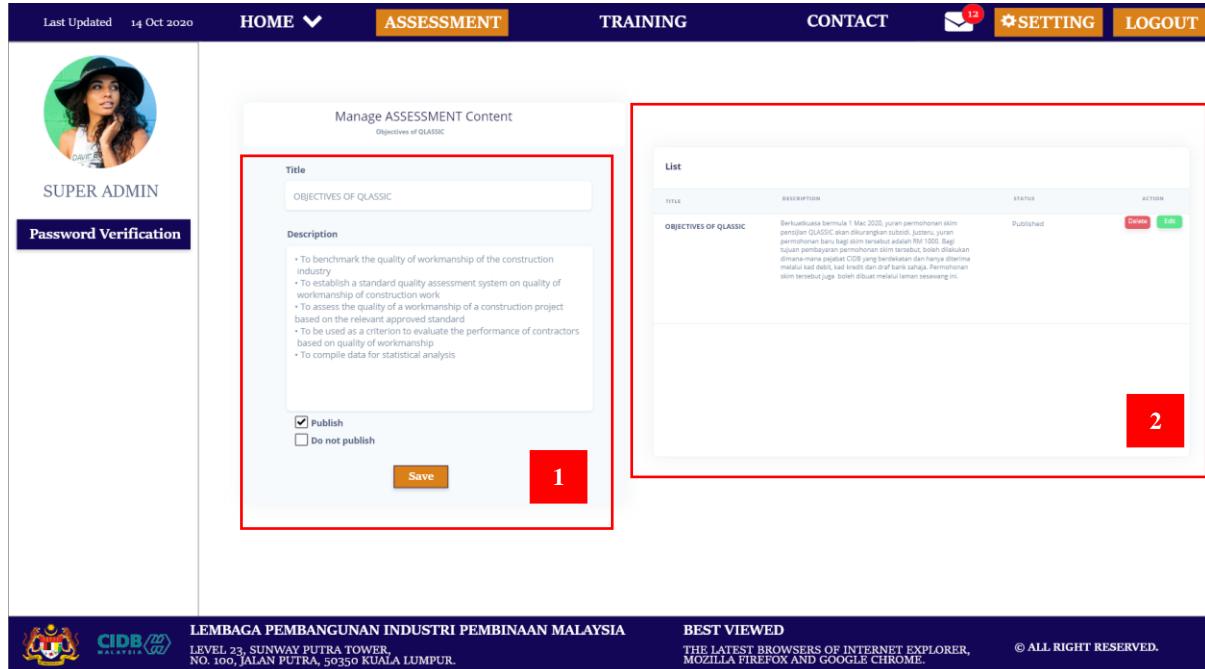

Step 2: A red box highlights the 'List' section, which displays a table of publications. The first row in the table corresponds to the publication just created. It includes columns for 'TITLE', 'ANNOUNCEMENT', 'STATUS', 'FILE', and 'ACTION'. The 'FILE' column shows a small thumbnail of the PDF document. The 'ACTION' column contains 'Delete' and 'Edit' buttons. A red number '2' is placed in the bottom right corner of the list area.
